

USB Upgrades

Data-loading

DATA-LOAD

data-loading | PRE-LOADED CONTENT

Your data pre-loaded onto the flash drives before they ship.

DATA-LOADING OPTIONS:

- ***Standard pre-load:** Files pre-loaded to the drive that can be edited or removed.
- ***Auto-run:** Choose a file from your pre-loaded content to load every time the USB drive is plugged into the computer.
- ***Website Auto-launch:** A pre-programmed link to any website. When plugged in users are automatically connected directly to your website.
- ***Partitioning/Data-lock:** Digitally separate your USB drive into two parts. One side can function as a normal flash drive while the other side can be pre-loaded with data and locked so that files cannot be deleted or changed.
- ***Password-lock:** Password lock the entire USB drive. End-users can set their own password. (Please note, password lock will not work on MAC computers)

USB Upgrades

Accessories

LANYARDS

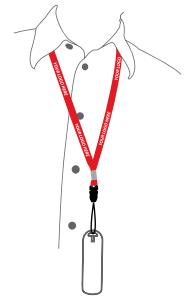

Lanyard | 1 COLOR IMPRINT - Add 5 working days

Our durable nylon lanyards are available in red, blue, white and black. For maximum branding add a 1 color imprint that repeats across the length of the neck strap. **50 piece min. order quantity.**

Dimensions: 17 x 0.4 in

Imprint area: 1.75 x 0.3 in

KEYRING

keyring | UPGRADE ATTACHMENT

Our keyrings are made from a sturdy, heavy-grade metal designed to withstand everyday wear and tear. The nylon loop makes it easy to attach but doesn't add extra bulk or weight.

Dimensions: Ring - 1.1 in diameter | Nylon loop - 1.9 in

CUSTOM INSERT

custom insert | UPGRADE INSERT

Need to provide additional information with your USB drive or a special message to your clients? Send us your artwork or let us design a custom insert for you. You'll have everything you need packaged neatly in our standard vinyl pouch or any of our upgrade packaging options.

Dimensions: 2.25 x 3.5 in **Print area:** 2 x 3.25 in (no bleed)
